A 教育情報

| | | | |
|---|--------|---------------------------------|------------|
| 専門分野 | 解剖生理学 | 学位又は資格 | 獣医学修士、医学博士 |
| 所属学会 | 日本解剖学会 | | |
| 主な業績等 | | | |
| 著書・学術論文・学科発表・その他の活動 | | | |
| 名称等 | | 発行所、発表雑誌又は発表学会等の名称 | |
| 1. Localization of neurokinin 1 receptor (NK1R) immunoreactivity in rat oesophagus. (2004) | | J Comp Neurol 478:11-21 | |
| 2. Immunohistochemical features of substance P (SP) immunoreactive chromaffin cells and nerve fibers in the rat adrenal gland. (2007) | | Arch Histol Cytol 70:183-196 | |
| 3. Substance P immunoreactivity in the rat adrenal gland during postnatal development. (2009) | | J Vet Med Sci 71: 325-331 | |
| 4. Acetylcholinesterase activity, choline acetyltransferase and vesicular acetylcholinetransporter immunoreactivities in the rat adrenal gland during postnatal development. (2009) | | Anat Rec 292: 371-380 | |
| 5. Gamma-aminobutyric acid B receptor immunoreactivity in the mouse adrenal medulla. (2013) | | Anat Rec 296:971-978 | |
| 6. Expression and distribution of GABA and GABAB-receptor in the rat adrenal gland. (2014) | | J Anat 224:207-215 | |
